

# BUDGETING BASICS

Ashley's mom gave her \$200 to spend on new clothing at the mall. Ashley needs to buy five T-shirts and three pairs of jeans.

Using the prices listed below, can you help her budget her money so that she has enough to buy everything she needs?

## THE OVERPRICED LABEL

## THE BUDGET-FRIENDLY SHOP

## THE CHEAPO STORE

**1. If Ashley decides to buy all five T-shirts at The Overpriced Label, how much money will she have left for jeans?**

1. \$0
2. \$20
3. \$30
4. \$25

**2. If Ashley buys everything she needs from The Budget-Friendly Shop, how much money will she spend?**

1. \$165
2. \$200
3. \$155
4. \$160

**3. Ashley knows that the T-shirts from The Cheapo Store last half as long as the ones from the other shops. If she buys 10 T-shirts from The Cheapo Store instead of just five, how much money will she have left for jeans?**

1. \$85
2. \$70
3. \$80
4. \$90

**4. Ashley really likes the jeans from The Overpriced Label. If she buys two pairs of jeans there and one from The Budget-Friendly Shop, how many T-shirts can she buy from The Budget-Friendly Shop?**

1. 5
2. 4
3. 0
4. 6
